

TITLE: BMDP - A MATCH OF A LIFETIME

Check out the two big events happening at BMDP that you can be a part of!

Match for Life

With the support of Home United Football Club, BMDP is organizing our **VERY FIRST** annual flagship event, **Match for Life!**

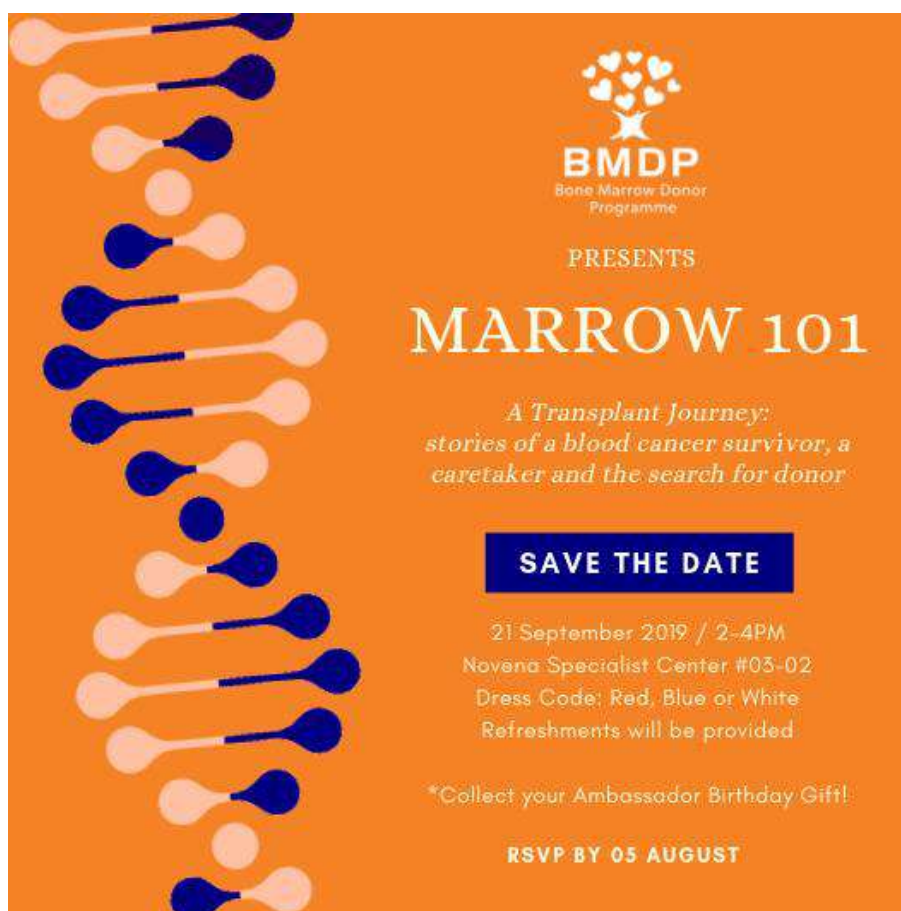

This is a **Football Festival** where people can form a team of up to 10 players and play in different leagues ⚽: Open Category (17 years & above), Corporate Category, Masters Category (above 35 years old) and Kids Category (10-12 years old).

Apart from the Football tournaments, there will be a carnival being held simultaneously where you can look forward to games and snacks booths! 🤩 And, if you head down early you might even be eligible for an early bird goodie bag as well! 🎁

We aim to reach of 150,000 people of all ages and 2000 participants for our event. So, do join in the fun by grabbing a team to participate/volunteering! If you want to support us in the execution of the event by being a volunteer; please contact Angela at angela@bmdp.org.

Marrow 101

We are embarking on a series of sharing sessions for volunteers and ambassadors to value-add their time spent at the BMDP through imparting knowledge of bone marrow related topics by medical doctors as well as sharing stories from patient, donors and caregivers.

For this pilot series, we have invited a blood cancer survivor, caretaker as well as our very own Search Services Team to share about their patient and caretaker journey of battling blood disease. Bring your friends along and be inspired of this life-saving mission that you are a part of.

September will also mark the first-year anniversary of the Ambassador Programme! Collect your **Ambassador First Year Anniversary Gift** when you come down for this event!
