IPC Status (HEF)

Bone Marrow Donor Programme – General Fund

Membership No. : HEF 0015/G
Effective Date : 8 July 2008 – 7 July 2009

Mission / Objectives

To build the Bone Marrow Donor Programme (BMDP) into an independent non-profit organization providing a Register of willing bone marrow donors and offering a chance of a cure for patients with leukaemia and other potentially life-threatening blood related diseases in Singapore.

Vision:

- : To maintain and grow the BMDP Register as the key source for patients with leukaemia and other blood-related diseases in their search for compatible and unrelated bone marrow donors.
- : To finance testing of bone-marrow donors and making the information on the HLA phenotypes and other relevant data easily accessible to patients in search of compatible donors for transplant.
- : To finance research into the causes and treatment of blood-related diseases.
- : To educate the public and promote further understanding of blood-related diseases, such as leukaemia and thalassemia.

No. of Beneficiaries: Nil
